Rope Bowl with wrapped fabric

There are a couple of tutorial videos that you might find helpful. Different methods, find the method you like the best and try it out.

You can use scraps to make the bowls or color coordinate the fabrics. Get inspired, get creative and have fun!

Rope coasters, trays, bowls, bags.

This is a great inspirational video that offers more ways to work with rope. This tutorial builds on the basics. The video goes over just using rope and thread (no fabric wrapping) and features some great ideas including adding scrap fabrics here and there, making handles, combing 2 pieces together.

Mini/ Postcard quilts

There are MANY videos on Postcard Quilts. Regardless of size the techniques and supplies are all VERY similar. Choose the one that works for you. Also, on the RNQG website there is a 1 page instruction document (link is included).

**** NOTE **** RNQG is not make the postcard size quilt, hence why you here the term mini-quilt, at RNQG we make 5 x 8, pieces of art. Please ensure if you are donating to the Boutique to make your mini-quilt 5x8 size.

**** NOTE **** These are addicting, so watch out once you get started you might not be able to stop.

Baby Burp Clothes

An easy and great tutorial with pattern. In the tutorial she uses a flannel fabric, but cotton, or terry cloth works great too, no change to the instructions.

**** NOTE **** To get to the download, page down on the link for the pattern. You will have to enter your email address to receive access to the downloadable pattern. It will print on 2-3 pages and will have to be taped together. Use a card stock if you have available, otherwise copy paper is fine.

Easy Terry rectangular Burp Cloths

These are easy and no pattern required, super fast to make and nice gift for a baby shower.

Baby Bibs

Easy bib pattern, you do not have to use snaps, can you Velcro instead. It can also be made in all cotton or terry cloth or flannel, you decide.

**** NOTE **** You don't need polyurethane laminate (PUL) fabric, unless you want to. The PUL will help with not keeping baby dry.
